HEALTH & SAFETY Part 1 - STATEMENT OF INTENT

1.0 Statement

The Board of Trustees acknowledges its responsibilities as a Multi Academy Trust as laid down by the Department for Education (DfE).

The Board of Trustees provides the following statement of intent to cover all Trust buildings, activities and undertakings for which it is responsible.

The Members, Trustees and Local Committees accept that they have a responsibility to take all reasonably practicable steps to secure the health, safety and welfare of staff, pupils/students and others using the Trust premises or participating in school approved activities. The Members, Trustees and Local Committees believe that the prevention of accidents, injury or loss is essential to the efficient operation of the Trust and is part of the good education of its pupils/students.

The Board of Trustees notes the provisions of the Health and Safety at Work Act 1974 (section 3(1)), which states that it is the duty of every employer to ensure, so far as is reasonably practicable, that persons who are not in his or her employment but who may be affected by it are not exposed to risks to their health and safety. The Board of Trustees accepts that it has the responsibility to take all reasonably practicable steps to secure the health and safety of pupils/students, staff and others using the Trust premises or participating in school-sponsored activities.

The Board of Trustees is committed to;

- a) Providing a safe and healthy working and learning **environment** for staff, pupils and visitors.
- b) Providing adequate **resources** for the academies to meet their health and safety responsibilities.
- c) Providing adequate and competent **supervision** of all academy activities.
- d) Providing suitable and sufficient health and safety **training** for personnel to carry out their health and safety responsibilities as assigned in the organisation section of this policy.
- e) Achieving **continuous health and safety improvement** through effective;
 - Policies
 - Organisation
 - Planning and implementation
 - Measuring and monitoring.
 - Reviewing on a regular basis.
Auditing of the academies' health and safety management systems and performance.
- f) **Responding to internal and external changes** that may affect the health and safety arrangements.

The Board of Trustees believes that only the adoption of safe methods of work and good practice by every individual can ensure everyone's personal health and safety. The Board of Trustees will take all reasonable steps to identify and reduce hazards to a minimum but all staff and pupils must appreciate that their own safety and that of others also depends on their individual conduct and vigilance.

HEALTH & SAFETY Part 2 - ORGANISATIONAL ARRANGEMENTS

2.0 Health & Safety Responsibilities

Within the scope of this policy, although the Board of Trustees hold the overall responsibility for Health & Safety across the Trust. Responsibilities are delegated to certain employees as detailed below. The Board of Trustees will work with staff to ensure their health, safety and welfare objectives are achieved.

2.1 The Board of Trustees

The Board of Trustees has overall responsibility for:

- Ensuring that issues relating to the health and safety of all site users are properly managed with an effective and enforceable policy for health and safety throughout the Trust;
- Allocating sufficient resources to ensure that the academies within the Trust meet all its legislative requirements;
- Evaluating risk with the subsequent selection of the most appropriate means of risk control;
- Periodically assessing the effectiveness of the Trust's health and safety policies;
- The provision of a safe and healthy workplace for employees and visitors to the site whatever their role;
- The provision of sufficiently trained and motivated staff so that normal academy activities are undertaken in a safe manner;
- The provision of sufficient training for employees as defined by statute;
- The creation of a positive health and safety culture across the Trust ;

2.2 The Chief Executive Officer

The day to day responsibility for the Learning Academy Partnership (herein the Trust) health, safety and welfare organisation and activity rests with the Chief Executive Officer who will;

- Providing a robust management structure for managing health and safety issues across the Trust ;
- Ensuring the development of a safe environment for all members of, and visitors to the Trust ;
- Providing adequate resources to ensure compliance with legislative requirements; Preparing an emergency plan covering all foreseeable major incidents (Estates Manager);
- Ensuring the health, safety and welfare of all staff, pupils/students and others using the Trust's facilities;

2.3 Heads of Academy/Heads/Principal

Within the scope of this policy, Heads of Academy/Heads/Principal are responsible for:

- Implementing and following school health and safety procedures, reporting when those procedures are inadequate;
- Encouraging all members of their department to comply with current health and safety legislation;
- Inspecting their departments and areas of responsibility and reporting unsafe conditions, damage and defects to premises, plant and equipment to the Estates Manager and Estates Team;
- Taking all reasonable and practical steps to prevent unauthorised or improper use of equipment;
- Ensuring that equipment provided for the health and safety of all site users is not misused or abused.
- Ensuring that safe working practices are used to minimise risk, implementing new or changed practices where appropriate.

2.4 Estates & Services Manager

The Estates & Services Manager has delegated responsibility:

- To manage the Health, Safety and Welfare of staff and other persons on individual academy premises as directed by the CEO and Board of Trustees;
- To act on behalf of the CEO on all Health, Safety and Welfare in issues in relation to external bodies and agencies, i.e. the Health and Safety Executive, Fire Brigade, Local Authority, Insurance Risk Manager, etc;
- To arrange whole Academy Health and Safety training, including induction training and specific training for specialist staff;
- To arrange Health and Safety Audits and Inspections of the academy premises;
- To investigate safety matters raised by staff or pupils/students and take any necessary action;
- To be available to any member of staff to discuss and to seek to resolve Health, Safety and Welfare problems not resolved at a lower level;
- To inform the CEO of relevant Health and Safety risk management issues, significant failures and outcomes of investigations as considered appropriate;
- To keep an up-to-date list of all safety representatives across the Trust both teaching and support staff and of their training;
- To receive written reports from safety representatives concerning possible hazards and to respond in writing within a reasonable period of time;
- To ensure that the circumstances of accidents are properly reported under the Reporting of Injuries, Diseases & Dangerous Occurrences Regulations (RIDDOR) 2013 and that all reasonable steps are taken to prevent or reduce the likelihood of a recurrence;

- To encourage staff active participation in improving Health and Safety;
- To ensure the drawing up and implementation of all relevant Risk Assessments;
- To ensure the statutory display of information (Health and Safety Poster, Health and Safety Policy Statement, Certificate of Employer Liability Insurance etc)
- To produce for the Trust , a written Health and Safety Policy ensuring: (i) its implementation (ii) that all members of staff are aware of its contents and fully understand their responsibilities (iii) that training is provided where necessary for “Responsible Persons” so that they can act with knowledge (iv) that it is monitored and (v) revised as necessary;

2.5 Site Supervisors

The Trust Estates & Services department has a number of Area and Site Supervisors who have delegated responsibility for;

- Ensuring that the COSHH Policy is implemented across the Trust;
- Initiating day to day measures in order to ensure the general health and safety of all users as they move around the Trust ;
- Implementing whole site measures to ensure compliance with statutory requirements, i.e. undertaking weekly fire alarm testing;
- Managing the premises to comply with current legislative requirements;
- Ensuring that daily checks of the outer perimeter and inner fencing and gates are carried out by relevant site staff and take appropriate remedial action to maintain security and safety for site users;
- Providing the resources for remedial work when conditions are reported or created by use, misuse or abuse;
- Reporting to the Head/Senior Leadership team/Estates Manager, when procedural failures increase risk;
- Reporting to the Head/Senior Leadership team/Estates Manager when unsafe conditions cannot be rectified immediately;
- Providing equipment, facilities and services to promote health and safety throughout the school;
- Monitoring the users of the site to ensure that their activities do not compromise the health and safety of the Trust and its members;
- To ensure the statutory display of information (Health and Safety Poster, Health and Safety Policy Statement, Certificate of Employer Liability Insurance etc);
- To ensure that materials and equipment purchased are safe and without risk to health when properly used;
- Ensuring that defects and damage to the site, premises, plant and equipment are properly and promptly identified and remedied in order to provide safe working conditions.
- To ensure that all occupants and visitors, including those who will be undertaking work on the premises, are made aware of any hazards on

site and of when and where such work activities may affect the occupants;

2.6 Duties of All Employees

Under the Health & Safety at Work Act 1974 it is the duty of every employee, while at work, every employee has a duty to themselves, their colleagues and the Trust, to work in a safe and responsible manner. To that end, they must assist the academy in achieving its health and safety objectives by:

- Taking reasonable care for their own health and safety and for that of any other persons who may be affected by their acts or omissions at work; avoiding conduct that would put them or anyone else at risk;
- Co-operating with their employer and their delegated representatives to enable full compliance with current health and safety legislation;
- Ensuring that all health and safety regulations, rules, routines and safe working procedures are followed by both staff and students throughout the Trust;
- Ensuring that all equipment is properly used, together with the appropriate equipment guards and personal protective equipment;
- Ensuring that toxic, flammable and other harmful products are properly used, stored and labelled;
- Reporting unsafe conditions, damaged or defective plant or equipment;
- Ensuring that equipment provided for the health and safety of all site users is not used or abused;
- Maintain good standards of general housekeeping;

2.6.1 Class Teachers

In addition to the general responsibilities of employees, outlined above, class teachers are expected to;

- Raise any health and safety concerns outside their control related to their class area with the Estates Team;
- Exercise effective supervision of pupils and know the emergency procedures in respect of fire, first aid and other emergencies, and to carry them out;
- Know the particular health and safety measures to be adopted in their own teaching areas and to ensure they are applied;
- Give clear instructions and warnings to pupils as often as necessary;
- Follow safe working procedures personally;
- Avoid introducing **any** personal items of equipment or substances that may cause a physical risk in their use.

2.7 Educational Visits Coordinator

Each Academy has an Educational visits coordinator who has responsibility for overseeing the management of all external activities. Please refer to the EVC at each site for advice re Risk Assessments, off site activities. Whilst all visits will be signed off by the Head of Academy, the EVC has delegated responsibility for;

- Undertaking a Risk Assessment in relation to all planned activities and visits.
- Ensuring, as far as is reasonably practicable, that sufficient information, instruction, training and supervision is provided to enable employees and pupils taking part in such activities to avoid hazards

and to contribute positively to their own health and safety whilst off site;

- Obtaining relevant advice and guidance on health and safety matters.

2.8 Pupils/Students

Pupils/students, in accordance with their age and aptitude, are expected to exercise personal responsibility for the health and safety of themselves and others, to observe standards of behaviour and dress consistent with the safety and/or hygiene and to observe all health and safety rules of the Trust and in particular, the instructions of staff given in an emergency.

Pupils/students should use and not wilfully misuse, neglect or interfere with facilities or equipment provided for theirs and others health and safety.

All pupils and parents will be made aware of the contents of this section of the policy through the academy website.

2.9 Contractors

All contractors who work on the Trust's premises are required to ensure safe working practices are followed by their own employees according to the appropriate legal requirements and must pay due regard to the safety of all persons using the premises.

2.10 Health & Safety Representatives

Safety representatives are appointed by recognised Trade Unions.

** At present there are no such Representatives.

Under the requirements of the Safety Committee and Safety Representative Regulations 1977, where Safety Representatives are appointed they will be given adequate time and facilities to fulfil their functions.

2.11 Visitors

Visitors and other users of the premises should be required to observe the health, safety and welfare rules of the Trust. In particular, parents and other volunteers helping out in an academy, including those associated with self-help schemes, should be made aware of the health and safety policy applicable to them by the teacher/member of staff to whom they are assigned.

On entering the academy all visitors are required to register their name and details such as the purpose of their visit into the visitor's book. They are then issued with a Visitor ID badge on a coloured Lanyard which dictates to site staff if the visitor is vetted or unvetted and therefore if they are permitted to be unescorted whilst within the school.

On leaving the school all visitors are required to sign out and return their visitor ID badge to the office.

HEALTH & SAFETY Part 3 - PROCEDURAL ARRANGEMENTS

3.0 Risk Assessments

The underlying process, which informs this policy, is Risk Assessment. Assessments of significant risks will be made in conjunction with those persons responsible for the activity/area affected and recorded in writing. All

general risk assessments are to be assessed by the Estates Manager. Risk assessments will be reviewed on a routine basis however, the review will be conducted sooner if there was a change in activity or following an accident/incident.

3.1 Procedures

The following specific procedural arrangements are in place.

Accident/Incident Reporting: Every injury across the Trust must be reported and recorded with the identified procedures.

Asbestos: The Trust will take all necessary steps to avoid the possibility of uncontrolled release and exposure by carefully controlling the Trust buildings and associated projects across the Trust. The arrangements will be in accordance with statutory guidance and advice.

Buildings/Premises: The Trust will ensure that the estate is kept in a condition which is safe for staff, pupils/students and others who may be present, in accordance with statutory requirements, including statutory guidance and advice.

Consultation: Members of staff with health and safety concerns should raise them with their department head. Staff should feel free to contact an appropriate trade union appointed safety representative.

Contractors: Contractors carrying out work for the Trust will be vetted for their health and safety performance. They will be required to act in accordance with this policy and the site specific local arrangements.

Control of Substances Hazardous to Health (COSHH): The Trust recognises its fundamental duty to provide safe systems of work, and a safe and healthy environment. This is particularly important when employees are using substances and chemicals, some of which may be hazardous. We aim as a Trust to reduce the risk of using hazardous substances by carrying out COSHH risk assessments and then establishing appropriate control measures.

Curriculum Safety: All programmes of study require that all pupils/students should be taught about how to identify and reduce risks in the way that they work and a balance must be achieved between independent learning and the supervision necessary to ensure safety. Staff will ensure that pupils/students are familiar with the risks that may arise from the tools, equipment, materials and processes they plan pupils/students to use. Senior staff/Heads of Departments are responsible for ensuring Risk Assessments are in place, documented and reviewed.

Display Screen Equipment: Display Screen Equipment (DSE) assessments must be conducted for users of Display Screen Equipment. Display Screen Equipment refers to the whole workstation, job process and work environment as well as to the display screen, keyboard and other accessories.

Emergency Evacuation: Evacuation procedures are to be documented for respective schools within the Trust and reviewed on a periodic basis.

Fire Safety: The arrangements for fire prevention and dealing with emergencies are contained in each schools specific Emergency Evacuation Plan document. These plans will indicate the actions to be taken in the event of a major accident or incident so that everything possible is done to save life, prevent injury and minimise loss across the Trust. In addition, fire safety

testing of alarm systems will be undertaken on a daily, weekly and quarterly basis whether in house and/or through external approved contractors.

First Aid: The Trust is committed to providing sufficient numbers of first-aid personnel to deal with accidents and injuries. It will provide information and training on first aid to staff to ensure that statutory requirements and the needs of the Trust are met.

Inspection and Monitoring: Each academy site will undergo an annual Health and Safety inspection to ensure the site complies with the current regulations. This may be carried out by the Trust Estates and Services Manager or through a third party contractor as part of a Service Level Agreement. The Trust also buy into a SLA for H&S support services.

Legionella: The Trust will take all necessary steps to avoid the possibility of infection by carefully controlling water supplies and associated infrastructure. The arrangements in place will be in accordance with statutory guidance and advice.

Medication Arrangements: There is no legal duty requiring that the Trust administers medicines. However, the academy recognises that pupils/students with medical needs have the same rights of admission to the academy and therefore the academy has detailed arrangements for managing this. There must be relevant procedures in place across the Trust to ensure safe arrangements for pupils to be able to administer to themselves any prescribed medication.

Manual Handling: Any activities that involve significant manual handling tasks should be risk assessed and, where appropriate, training provided for staff.

Out of School Activities: Suitable and sufficient arrangements are to be in place in respect to any visits away from the Trust sites.

Personal Safety: Certain personal safety issues may arise, such as lone working, work affecting new and expectant mothers, young people and volunteers. The Trust will seek to ensure that such issues are appropriately risk assessed, controlled, supervised and managed.

Permits to Work: Permits to work such as Hot Work Permits will be used where projects or contractors require and will be overseen by delegated and authorised person(s) across the Trust .

Personal and Protective Equipment (PPE): Personal protective equipment is to be provided free of charge to employees where required; training provided in its correct use; and the PPE is to be maintained, cleaned and stored to ensure continued effective use.

Training and Information: Health and safety training needs are to be identified for all staff; initial and refresher training provided to ensure staff are competent for the tasks they are required to undertake and records of Health and Safety training maintained.

Work Experience: Staff responsible for organising suitable and safe work experience for pupils/students must ensure DfE guidelines are strictly followed, relevant insurance in place, before placements are allowed to go ahead.

Working at Height: The Estates Team is aware of guidelines in regards to the safe use of ladders. Ladders are kept in good order and visual inspections are carried out before use. All ladders and platforms are kept in a secure area when not in use. Pupils/students are not permitted to use ladders on Trust

premises, and contractors should carry out their own risk assessment and adhere to safe practice when working at height.

Working Time Directive (WTD): Members of staff must not exceed an average of 48 hours worked per week over a 17 week period, although members of the SLT are exempt from the requirements of the WTD.

3.2 Policies

Below is a list of Trust associated Health & Safety policies:

- Security Policy
- Playground Procedures & Safe Working Practices
- Safety in the Workplace
- Hazard Reporting
- COSHH
- Use of Display Screen Equipment
- Asbestos
- Risk Assessment Procedure for school and off site activities
- First Aid/Accident reporting
- Working Safely at Height
- Emergency Evacuation Procedures
- Fire Evacuation Policy

3.3 Maintenance and Inspections

The following areas will be subject to regular maintenance inspections arranged by the Trust :

- Portable electrical equipment
- Burglar alarm
- Fire alarm

Torbay Development Agency (TDA) through Service Level Agreement arrange maintenance of the following:

- Boiler system
- Fume cupboards
- Kitchen fans
- Extractor units
- Mains electrical system
- Mains gas system
- Mains water system

3.4 Monitoring

The effectiveness of the Trust's health & safety management systems will be continually monitored by the Trust Executive Team and Board of Trustees.

The Board of Trustees will review this policy statement if there is any significant change or at least annually and update, modify or amend it, as it considers necessary, to ensure the health, safety and welfare of staff and pupils.

3.5 Conclusion

It is the responsibility of everyone across the Trust to fulfil their obligations under the Trust's Health and Safety Policy.

HEALTH & SAFETY Part 4 - REVIEW

4.0 Review

The overriding Health and Safety Policy for the Trust is to be reviewed on an annual basis or where there is a need to review due to a significant changes in legislation or the organisation of the Trust .

4.1 Health and Safety Policy Approval

The Board of Trustees are to read and minute to confirm they are in full agreement with and their approval of the Trust's Health and Safety Policy.
